DETAILED ACTION

The Amendment, filed on April 2, 2004, has been entered and acknowledged by the Examiner.

The terminal disclaimer filed on April 2, 2004 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of U.S. Patent 6,670,758 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Allowable Subject Matter

Claim 1 is allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the references of the Prior Art of record fails to teach or suggest a short arc lamp with the combination of the limitations as set forth in claim 1, and specifically comprising the means for redirecting substantially all of the infra-red light energy generated by the lamp and a filter coating on the window preventing infra-red light energy from exiting the lamp.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
